REACH-Regulation (EG Nr. 1907/2006)

Dear Sir or Madam,

Thank you for your enquiry regarding compliance with REACH (Registration, Evaluation, Authorisation and Restriction of Chemicals) - Regulation EC No. 1907/2006.

As a casting company, we are not a manufacturer or importer of substances according to the REACH regulation.

We are aware that ferro-alloys are also covered by the REACH regulation.

Our raw material dealers, who are authorised by us, are of course subject to the REACH regulation and must strictly observe it within the permitted transition periods and updates.

Our suppliers are obliged to register their substances.

Due to the large number of enquiries, some with individual questionnaires, we are unable to respond in detail and have therefore chosen this form.

Thank you for your understanding.

If you have any questions, please do not hesitate to contact us.

Kind regards
